Endorsement Letter

From The Office of Abraham Cronin

To Whom It May Concern,

I am pleased to endorse Katie Wilson for Seattle Mayor. The diversity, youth and energy of her team is a good investment for years to come. She further brings an underlying principled commitment to human rights for all instead of one demographic. Katie is not a member of our congregation. We are not paid for this endorsement.

Our first-ever endorsement comes in urgent-to-late response to the ongoing emergency crisis present since November 2024. We remain politically neutral and stand with Katie for sharing our core principles. We encourage the brotherhood to volunteer and financially contribute to her cause.

Sincerely,

Abraham Cronin
